Shooter Entertainment, LLC

Shooter Entertainment, LLC is a full service Production company with nearly 11 years in the business. We produce nothing but the best from crew, equipment, and everything needed to make a production happen. We recently have 7 T.V. series and a Major Motion Picture based on a Michigan legend. I moved my company here nearly 4 years ago because of these tax incentives and it really would be a shame to pull up and leave again because of a government that has absolutely no idea what we do.
